

Inspire young people as an online mentor!

Gain key employability skills

Support someone who really needs your advice

We are looking for mentors to share their experience of working in healthcare

Mentor online from the comfort of your own home

Develop your mentoring skills and get experience working with young people

Looks great on your CV

WHAT'S INVOLVED?

- You'll be matched with up to 5 young people from year 12 for a 6 week project (Feb-March 2020)
- You'll exchange messages and share resources online about next steps, with a particular focus on pathways into medicine and healthcare
- You'll use your personal experience, knowledge and skills to help young people explore their options, build their confidence and raise their aspirations

End of January:

Log in to the mentoring platform or app 1-2 times a week at a time that suits you, (approx.1-2 hrs a wk)

HOW DOES IT WORK?
